LOCAL & PERSONAL.

Judge V. H. Blocker was a business visitor to the Alamo City the first of the week, and incidentally attended the State Convention to which body he was a duly accredited delegate from Medina county. After looking in on the proceedings long enough to satisfy himself that the Ku Klux and the apologists for the night-shirters had the steam roller well oiled and ready to demolish such fellows as himself—men who stand for the Democracy of the fathers—he turned his face sadly away from the place where a Democrat is supposed to find nourishment and enthusiasm and betook himself homeward. The Judge remarked, with a sad, far-away look in his eyes: "It wasn't like a convention—a convention such as we used to have." And there be many to agree with him.

This paper is in receipt of a copy of Pioneer History of Bandera County. The history is a 287 page book written by Editor J. M. Hunter of the Bandera New Era and printed and bound in his office at Bandera.

From a typographical and bookbinding standpoint it is a creditable piece of work that speaks volumes for Mr. Hunter's skill ability and painstaking workmanship. The contents of the book are made up of life sketches of the early settlers of Bandera county, the past week, making a total of 873 bales forwarded from here thus far this season.

Mrs. L. E. Heath and daughter, Miss Loraine, returned Saturday from San Antonio where they had been for several days following an operation to remove Miss Loraine's tonsils.

Next Thursday, Friday and Saturday are the days that were set for holding a community fair at Hondo. The editor of this paper was made chairman of the publicity committee several months ago, but his plans for giving the widest possible publicity to the fair, including newspaper advertising in the papers of all neighboring towns, were rejected and he and his committee discharged before the plans were fully matured. Since that time, if the fair has had any publicity agent he has failed to function in so far as our publications are concerned. Neither has the fair proper had any newspaper advertising, so far as we know, save that that has been given free.

A bunch of dogs attacked the little Stansbury boy on the streets here Friday morning. While the little fellow was bruised up some, he escaped with but little injury, the skin being torn in but one place. These perambulating flea ranches are becoming entirely too numerous in the town, and if something is not done to thin them out to a comfortable stand, we may expect a repetition of this morning's affair, and probably the next time the victim will not be so fortunate as the little fellow attacked this morning.

Gouverneur Morris' remarkable story is a new experiment in motion pictures. In terms of the most thrilling melodrama, it tells how the lives of twelve people hung on the ticking of a clock and the turn of a card.

And it leaves you glowing with an inspired message—the supremacy of love over hate, the ascendancy of good over evil.

E. J. Murray, representative of the Texas Live Stock Sanitary Commission, this week filed a complaint in Judge Lamm's court charging L. O. Johnson, stockman, with failure to dip his cattle. Mr. Johnson came in and made bond and a hearing of the case was set for next Thursday, September 14th. Indications now are that Mr. Johnson will contest the case and the result of the trial will probably have an important bearing on tick eradication work now in progress in this country.

The railroad company this week did the preliminary work preparatory to erecting a stand pipe so that trains on the side track can take water. The company has also set stakes so that in future vehicles will be forced to cross the track at the regular crossing instead of the diagonal crossing people have heretofore been using.

Mr. and Mrs. C. R. Gaines and daughter, Miss Willa Mae, were Alamo City visitors Sunday. They went down to see their new kin-folks, a fine son having been born to Mr. and Mrs. Joe English at Kelly Field September 2nd. This makes Mr. and Mrs. Gaines again grandparents, Mrs. English being their daughter.

Arthur Jungman, C. E., spent last Sunday and Monday here with his parents, Mr. and Mrs. P. Jungman. Arthur has been an extremely busy man the last year, and he had become almost a stranger to the people of his native town. He returned to his headquarters in Dallas the first of the week.

Louis Biry, the Biry merchant, was a business visitor to the county hub Tuesday. Mr. Biry reported cotton picking in his section making rapid progress, and the yield proving rather disappointing. Boll weevils and the drouth have cut the crop so much shorter than was at one time expected.

Medina county visitors to the big Boerne Fair were numerous, and all returned highly pleased with the exhibit. Having the "goods" to deliver in the way of creditable exhibits, they were not afraid to advertise it and those thus attracted feel that they got their money's worth.

Emil and Walter Britsch and Herbert Decker returned Sunday from a visit to the Boerne Fair. Emil reports the fair one of the best and most interesting he ever witnessed. He says it was complete in every particular and was attended by a great concourse of people.

Easley Creek is about to fall a victim to the ruthless hand of progress. Excavation work is now underway on its lower stretch, the concrete piping will soon be laid, the whole covered and this noted creek will only be a memory of the old citizens.

Sebastian Rieber and son passed through Hondo Tuesday enroute home to the Upper Hondo from a trip by auto to San Antonio. Mr. Rieber reported the Upper Hondo section like the rest of the country—suffering for rain.

Mr. and Mrs. Kendrick, nee Alberta Hornung, an a party of friends from Boulder, Colorado, are on an automobile trip through the northwest, Yellowstone Park being included in their itinerary. They are prepared to camp and anticipate a great time. Mrs. Kendrick's Hondo friends trust her health, which has been somewhat impaired, will be completely restored by the outing.

Miss Carrie Merriman of Muskogee, Oklahoma, came in Sunday on a visit to relatives here. Miss Carrie had been visiting in Corpus Christi and took advantage of being in Texas to visit her relatives here.

Mrs. Reese, daughter and son, of Center Point, after a several days' visit to their relative, Mrs. Fred Metzger, left for their home Monday. Mrs. Reese is a niece of Mrs. Metzger.

Jeff D. Merriman, a Laredo railroad man, was here Sunday on a visit to relatives and friends. His visit was brief, as he had to get back to his headquarters in the border city.

Blacksmith George Prickett, formerly of Hondo, and T. W. Gillstrap came out from San Antonio Sunday, taking part in the opening of the hunting season.

Mr. and Mrs. Paul Reily and little daughter, Giena, are here from Anson, Jones county, on a two weeks' visit to Mr. Reily's parents, Mr. and Mrs. Jacob Reily.

Mr. and Mrs. Jacob Reily and Mr. and Mrs. Paul Reily spent Tuesday in D'Hanis, guests of Mr. and Mrs. Albert Nester.

TEXAS COTTON CROP REPORT SHOWS GREAT DAMAGE LAST THIRTY DAYS. INDICATES PRODUCTION OF 2,462,400 SALES.

The report of the acreage and condition of the Texas cotton crop, up to September 1st, was compiled by R. E. Yantis, Statistician, and made public today by Commissioner Geo. B. Terrell. The report shows great damage to the crop caused mostly by drought, during the last thirty days.

In giving out the report Mr. Terrell said:

"This report covers 193 counties, practically all the cotton producing counties, with from one to fifteen reports from each county. The reports received are from presidents and secretaries of Farmers' Institutes, County Farm Demonstration Agents, County Commissioners, Merchants, Bankers and individual farmers, and verified, as far as possible, by our field men. The drought seems to be the cause of the greatest damage, as a large per cent of the cotton was late, especially in the western and northwestern parts of the state

and in the flooded districts, and had no mature bolls when the drought set in. Damage by boll weevil and leaf worm was also reported. The report indicates a condition of 58.67 per cent, and a yield of one-fifth of a bale per acre, while our report for August indicated a condition of 71 per cent and a yield slightly more than one-fourth of a bale per acre.

Taking the government figures of 12,312,000 acres, planted, which I believe to be too high, it indicates a yield of 2,462,400 bales, as compared with 2,179,143 bales produced last year.

If the yield in the other states is as low in proportion as that of Texas, as the total crop of the South will be less than 10,000,000 bales, and warrants a price of at least 30 cents per pound. There will be a cotton famine next year, and nothing short of a conspiracy can keep the price from advancing.

The report by districts, and the average for the state is as follows:

Counties	Acreage	Condition, per cent	Acres to bale
Western Group	30	113	64.74
Northwestern Group	44	122	55.54
Southwestern Group	45	112	57.61
Central Group	35	99	64.74
Eastern Group	39	94	68.35

CRUICKSHANK-SAUTER WEDDING SOLEMNIZED THIS MORNING.

A wedding of interest was solemnized this morning when Miss Myrna Cruickshank and Herbert N. Sauter were united in marriage at 6:15 o'clock at the priest's home, Rev. Father Lannon performing the impressive double ring ceremony. The bride was attended by Miss Ida Scott, as maid of honor, and Thomas Hickey acted as best man. The only other members present were the parents of the bride, Mr. and Mrs. J. F. Cruickshank.

The bride wore her going-away suit of navy blue Poiret twill, a fall modern creation, with gray accessories. She wore a corsage bouquet of brides' roses and ferns.

After the ceremony the bridal party repaired to the home of the bride where a wedding breakfast was served in the dining room. Purple and green was featured in the decorations. The table was centered by a beautiful bouquet of brides' roses and ferns.

Prof. Fly went to Hondo last Friday for a short visit.

Mrs. Martin Brauer and son and daughter of Corsicana arrived in Sabinal Monday morning to visit Mr. and Mrs. Jacob Reinhart.

Miss Ola Dulling of Asherton was left on the 7:35 o'clock train for a two weeks' visit with friends and relatives in San Antonio and Hondo, and on their return will be at home, 304 South Broadway.

The bride is the daughter of Mr. and Mrs. J. F. Cruickshank and is a popular member of the younger set. A number of social courtesies were given in her honor.

The bridegroom is well known in Corpus Christi, having lived here a number of years. He is connected with the Southwestern Telephone company of this city.—Corpus Christi Times, August 30.

The groom, Mr. Herbert N. Sauter, is a native of Medina county, being born and raised here, the son of Mr. and Mrs. Toby Sauter, and is greatly esteemed by all who know him. The happy couple arrived here Thursday of last week, and were the guests of the grooms' parents up till Wednesday of this week, when they returned to their home in the Naples of Texas—Corpus Christi.

Last Friday the bride was tendered a linen shower by the friends of her husband, and she was the recipient of many elegant and pretty articles that she will highly prize for many years to come.

In extending felicitations to the happy young couple, the people of Hondo trust that their wedded life may be one of happiness and prosperity.

The Ku Klux Klan is the only fraternal organization in this country that hides behind a mask.

It is the only fraternal organization that undertakes to discipline persons outside its own membership.

It is the only fraternal organization that, by act and preaching, implies that the law has broken down, that the constitution is inadequate, that the press is corrupt and that the American people won't behave themselves, without a lash applied in the dark.

Whom it excludes is not important, but who it kidnaps, whom it whips, whom it attempts to overawe and intimidate, is.

Since its inception there has developed an unprecedented reign of violence and mob outrage. There has also developed an unprecedented atmosphere of alarm and apprehension.

Up until two years ago, we held our elections in peace and as American citizens, without regard to nationality or creed.

Now we face a different kind of line-up. Who is responsible? What force has entered the political arena that was not present until two years ago?

Who took the viper of intolerance from its bosom and sent it forth to plague the public?

Who started all this whispering and insinuating that did not even spare the bowed head of Woodrow Wilson?

Who started the false and malicious reports that he had given the government over to certain classes of people?

Who intimated that he was not a good American because he appointed Joe Tumulty as his private secretary and Mr. Brandeis to a seat on the supreme bench?

Who rose, after the greatest victory this republic ever won, after it had exhibited the finest unanimity and accord, after the blood of its bravest had softened and sanctified Flanders Field, without regard to denomination or ancestry, to assert that it was a worm-eaten structure and ought to be split a thousand ways in the name of bigotry?

Who called on the flag, and on Christ Himself, to justify the tyranny of disguised malice in every form?

Who taught the hater and malcontent how to robe themselves in a sheet and terrorize a helpless victim?

Who entered the church, the lodge room, the trade union, the business office, and sowed the seeds of suspicion where there had formerly been naught but good fellowship?

Who misrepresented the attitude of the greatest fraternal organization in this country—aye, in the world—in order to gain members?

The Ku Klux Klan has been denounced by the Masonic grand masters of every state, bar one.

Are the Masonic grand masters controlled by the Knights of Columbus, also?

Have they fallen under the same influence which the Ku Klux Klan holds responsible for the "downfall" of the press, the law and the government?

We could publish 100 columns of denunciation of the Ku Klux Klan, sanctioned with the Masonic seal.

We could publish another 100 from the most eminent ministers of the country.

Is this Jewish and Catholic propaganda, or is it the spirit of Americanism rising in revolt against an anti-American cult?

According to the National Trestle Board, the most prominent Masonic magazine on the Pacific coast, Grand Master Burke of California says with regard to the Ku Klux Klan:

"Its practical workings appear to be to interfere with the orderly and lawful administration of the processes of our courts; a society that skulks and strikes in the dark under cover of masks; an organization so un-American and so un-Masonic as to merit the disapproval of all law-abiding, order-loving men."

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Hondo people.

Mrs. X. Wantz, Hondo, says: "My kidneys were disordered for some time. A dull, bearing down pain appeared in my back which greatly increased until I had to give up. I couldn't stoop or straighten without severe pain. I saw Doan's Kidney Pills advertised at Martin's Drug Store. From the start Doan's did me good and I gladly recommend them to others." (Statement given May 29, 1915.)

On May 3, 1919, Mrs. Wantz said: "I think just as much of Doan's Kidney Pills today as when I gave my former statement. The cure Doan's worked then has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

PRIEST NEAR BALLINGER FLOGGED BY MASKED MEN.

Ballinger, Texas, Sept. 4.—Rev. Father Josef Meiser, priest in charge of the Olfen Catholic parish, ten miles south of here, was taken out by eight unmasked men last night and severely flogged. The men appeared at the home of Father Meiser and overpowered him when he responded to a call at the door, placed him in a car and drove three miles into the country, where he was whipped and warned to leave the country.

According to a statement made to the sheriff by Father Meiser, the floggers charged him with disloyalty to the American government and breaking up public schools. He promised to leave.

The priest suffered an ugly cut on the head by a blow from some instrument, presumably a gun, in the hands of the floggers, when he attempted to use a gun. The kidnappers secured his gun and, tying a handkerchief over his face, carried him to the scene of the flogging.

DEVINE NEWSLETS.

From The Devine News.

Mrs. M. A. Keller is home from a visit to San Antonio.

The baby girl of Mr. and Mrs. O. V. Secret of Lytle who, with its mother, were visiting its grandparents, Mr. and Mrs. J. F. Brown, of Devine, got hold of a box of ant poison Thursday afternoon, and was very sick from its effect. Doctor was summoned and the child vomited up the medicine and its life was saved. The grandparents had put out the ant poison, and there being no children in the house, left the box on front of the stove, and forgot when the little folks came in to move it.

Boosting for Cream Route to City.

Dr. J. B. Barnes, veterinarian for Alamo Foods Company, San Antonio, and a Mr. Braendle, cream man, accompanied by Mr. E. M. Lewis, local cream man, were pleasant callers at our office Friday. They gave us some interesting figures on the cream business. Mr. Braendle wishes to establish a "sweet milk route" from Devine to San Antonio each day, as soon as the highway is completed. The Alamo Foods Company is now paying \$2.40 for sweet milk, butterfat has recently taken a big rise, and Jersey cows are also looking up in price. The Doctor said crushed corn with a little pear or bran is the best kind of milk producer and that farmers would get \$3 per bushel for their corn instead of 48 cents, if they would feed the milk cows instead of shipping it off. The Doctor said they would have some good matter for our Special Edition, with an advertisement for his company. We want to boost the cream business a lot in this territory, and the completion of the highway will put us in closer touch with the city markets.

145,000 Brick Being Unloaded for Auditorium.

The brick for the new school auditorium are coming in, 145,000, and are being placed on the ground. Our printer had it 45,000 last week, and also that the select brick would be used for "inside." The select brick will be used in the "outside walls." The new auditorium will be 50x100 feet inside measurements, or practically that size.

Mr. J. A. Loggins Passed Away On Tuesday Evening.

Mr. J. A. Loggins, age 76, senior member of the firm of Loggins & Lilly, and a citizen of Devine for almost twenty years, died suddenly at his home, almost without a struggle. He was thought to be better for some days, and had been able to go over to the home of Mrs. Lilly, his daughter, and take dinner Saturday. Some of the children had gone home, and Miss Loggins had gone to the store for the afternoon, when suddenly the end came. The remains were prepared for burial and taken to Pearsall for interment beside the wife and three children who preceded him to the grave. We can only give this matter of news this week and will give a more extensive write-up next week. He leaves four daughters, Mrs. R. R. Reddit, Pearsall; Mrs. W. S. Lilly and Miss Maude, Devine, and Mrs. Dr. Graham, late of Cotulla, now of Schertz.

Some Voting Strength.

Castroville, the old town on the Medina, voted 335 in the last election, all for James E. Ferguson; Rio-medina, Dunlay, Biry Haass and Cliff came in also without a dissenting vote. Of course it was love's labor lost for them, but there are two things to be admired in this: they all stick together, and they all vote—746, including Lacoste, that gave Mayfield 10; while Devine, with apparently as many people as the whole push of them, only voted 235, and all split up like thinking people are expected to vote. Of course, we were on the winning side, and it is all right, but when it comes to a county issue, they are a power to be reckoned with and sticking together, as if they get their orders from one man, they generally carry the county.

KAREFUL KROSSING CAMPAIGN.

It has just come to light that the railways entering Texas are active in furthering an organization of the K. K. K.'s. (Kross Krossings Kautiously.) It is learned from reliable authority that meetings are in session "Konstantly" and will be until October first. Every inhabitant, regardless of age, sex, or color, may become a member if they pass a satisfactory examination. Those presenting themselves for membership must be able to "THINK." Those using their head exclusively for a "Hat Rack" cannot become members. The admittance fee is one thought, which must accompany application. The membership dues are one thought every time you approach a railway crossing.

The obligation is a very serious one and must be memorized before you can receive full benefits of the fraternity. It reads as follows:

"I—(your name)—do most solemnly and sincerely promise that I will not approach, attempt to cross nor enter upon the tracks at any railroad "Krossing" in this or any other vicinity until by stopping or slowing down I have fully satisfied myself that no trains are approaching from either direction and that I may proceed to "Kross" in perfect safety to myself and those who may accompany me. I furthermore promise that I will not permit any member of my family to "Kross" a railroad "Krossing" until they have taken like precaution if within my power to prevent them so doing. I furthermore promise that I will talk to my neighbor and endeavor to influence him to take membership in the organization, apprising him of the danger in not doing so, reminding him that approximately eighteen hundred people are killed each year because they did not hold membership in the "Kross Krossings Kautiously" fraternity, and five thousand others sustain painful and crippling injuries. I furthermore promise that I will faithfully perform each and every duty falling upon me, as a vigilant and active member, that I will attend each session of the fraternity, in the upper room of "Think" building, whether I shall be at or near or find it necessary to "Kross" a railroad "Krossing" on date of meeting or not.

To all the foregoing I must seriously and solemnly agree, binding myself under no less penalty than that of having the Carburetor of my Automobile refuse to feed gasoline to the engine, should I at any time or place become so reckless and inconsiderate of the safety of human life and limb as to "Kross" a railroad "Krossing" in any other manner than "Kautiously" or in any manner take chances on the safety of myself and those dear to me."

It is urged that everyone in Texas and adjoining territory get in as Charter members and before the admittance fee is raised from one thought to days, perhaps years of regrets. For information ask any railroad employee about the "Kareful Krossing Kampaing."

CONSIDER THE FLOWERS AND DO YOU SHUN RESPONSIBILITY?

Flowers are ephemeral things. Only a few fleeting days do they live. But consider how beautiful is their short life!

They don't run after bootleggers; all they want is water.

They don't have to listen to political mud-slinging.

The rose doesn't quarrel with the violet, as we immensely superior human beings quarrel with one another.

No flower was ever yet slain by another flower on account of the "unwritten law."

The hyacinth never whispers to the narcissus that the Easter Lily is not as spotless as it would have neighbor flowers think.

Pa Tulip never sits up all night playing poker while Ma Tulip sheds tears over a good man gone wrong.

The sunflower never talks about the moon-flower because it does its blooming work after night fall.

And if one flower runs to seeds, all the other flowers don't lift up their protesting petals in virtuous indignation over this evidence of degeneration.

Flowers are not envious of Solomon in all his glory as one human being is envious of another human being whose bank account is bulky.

The wild flower doesn't accuse the domestic plant of being in a state of peonage.

The Sacred Lily does not offer up phrasical prayers that are self-laudations, as some of us human beings have been known to do.

Flowers just glow and grow and fill the world with an abounding beauty.

Which is an object lesson to us who wear trousers or go clad in skirts.—Dallas Times Herald.

[2 for \$2]

Fletcher Davis, editor and publisher of the "Anvil Herald," Hondo, Texas, surely believes in letting the readers of his paper know the important part his Linotype is playing in the life of Hondo and its environs.

In an issue of "The Anvil Herald," which featured stories in regard to the graduating exercises of the local high school, Mr. Davis had this to say about his Model 8:

"We wonder if the people of Hondo appreciate what an asset 'The Anvil Herald's' new Linotype is to the town? For instance, we are printing in full this week, in connection with a report of the high school closing exercises, both the baccalaureate sermon and the graduating address. These splendid messages, bubbling fresh from the minds and hearts of noble, consecrated and able men, fired by a worthy zeal to help the youth of our town, come to us only once a year. And without the printed word they must end with their spoken expression, and only the relatively few who were fortunate enough to hear them could profit by their deliverance. But printed, they pass on to thousands of readers to benefit and uplift. With our present facilities, we handled the type-setting with ease; by the old slow handset system, it would have been impossible. Could we have found the time to do the work, our available supply of type would have been exhausted long before the end could have been achieved. This by way of showing how the whole town and community profit by our investment in this marvelous machine!"—Linotype Bulletin.

HONDO LAND COMPANY.

A reasonable amount of cash and vendor's lien notes to suit, at 8 per cent, will buy the Charles Wallrath farm and home, one mile northwest of D'Hanis, on Seco Creek. There are 110 acres in the farm, 35 in field, 75 in pasture and 50 acres of this is tillable land. The soil is rich, heavy black-sandy soil. All fenced and cross-fenced. Nice orchard and vineyard—160 trees, 50 grape vines. Water piped to house and about premises from good well with windmill. For further particulars about price, terms, etc., apply to the owner on the premises or call on Fletcher Davis, or write him, at Box 218, Hondo, Texas.

Why do you not tackle something real hard and try yourself out?

You have been going along the line of least worry to yourself for many years, but that is no reason why you should always do so.

So far you have managed to keep going, but that is about all.

If you were willing to assume responsibility you might do much better than you have ever done in your life.

But you think the responsible person seems weighted down and heavy, and your taste runs to the carefree heart.

To be carefree will not prevent your house from burning down, if you do not know and pay attention to the little things that make for safety.

To be light-hearted and happy will not give you the necessary knowledge to be ready to accept a higher position, should you have it offered to you.

It is fine to be untrammeled and joyous, but if you are ever to amount to anything in this world and keep worth-while friends after you have attracted them, you must show that you are dependable.—The Houston Chronicle.

"Mother, quick, look what Billy has gone and spilled—a whole big box of Kellogg's Corn Flakes. I'll say he likes them a lot!"

Tomorrow morning—by all means try Kellogg's Corn Flakes

Tomorrow morning—set KELLOGG'S Corn Flakes before the family! A feast for the eye and a feast for keen appetites! For, Kellogg's are as extra-delicious as they look—all sunny brown and wonderfully crispy, crunchy! My, but how they delight everybody!

Kellogg's Corn Flakes are not only distinctly superior to any imitation, but are the most fascinating cereal you ever ate! Kellogg's appeal to every age! Little folks and old folks find in them the same joyous pleasure! For Kellogg's have a wonderful flavor—and Kellogg's are never tough or leathery or hard to eat!

Insist upon KELLOGG'S—the original Corn Flakes in the RED and GREEN package! It bears the signature of W. K. Kellogg, originator of Kellogg's Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Also makers of KELLOGG'S KRUMBLERS and KELLOGG'S BRAN, cooked and krumbed
